Transformative Curriculum.

Our curriculum operates a **knowledge engaged** approach believing subject knowledge supports and strengthens the application of subject skills. Each subject will provide a **narrative or journey of study** detailing the **what, why and how** of its content and assessment.

In lessons teachers will:

Research Informed Teaching.

- clearly and consistently **share learning intentions**,
- provide **recall and retrieval** opportunities,
- slowly and comprehensively **introduce new information**,
- facilitate time to **practice and apply** what they have learned,
- offer **feedback about learning and next steps**.

FIVE PILLARS OF LEARNING

Transformative Academic & Pastoral Support

Transformative Academic & Pastoral Support.

We want all children and young people to be **happy, healthy and safe** at school. This is fundamental to creating a thriving inclusive community where all are valued. We are passionate about and committed to **securing good attendance, good mental health and an inclusive safe environment.** Outwood Academy Carlton is the **first secondary school in Barnsley** to secure the **Centre of Excellence Inclusion Quality Mark (IQM)**

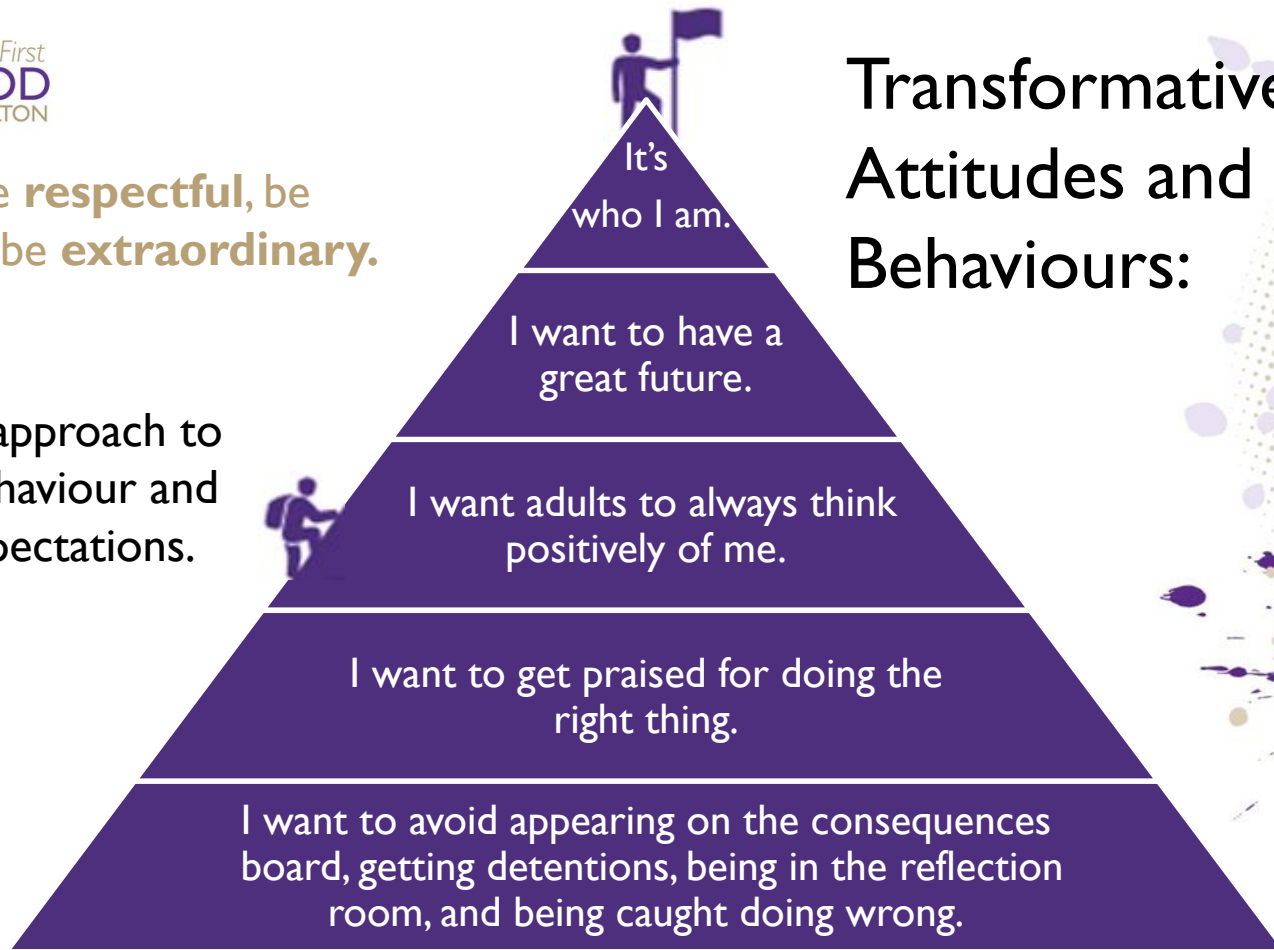

“Inclusion is clearly at the absolute heart of this school and the deep care and affection for students is evident from leaders and staff at all levels. Staff talk about going above and beyond and this is evident in the feedback given from students.”
